

CALL FOR PROPOSALS

GRANTS AVAILABLE TO FUND ICT OR ICT RELATED BUSINESS IN GRENADA UNDER THE CARIBBEAN REGIONAL COMMUNICATIONS INFRASTRUCTURE PROGRAM

CARCIP is offering grants to help startups & existing businesses thrive!

The Government of Saint Lucia, Grenada, and Saint Vincent and the Grenadines have embarked on a project called the Caribbean Regional Communication Infrastructure Program, or CARCIP for short.

Our Objective: To increase access to regional broadband networks and advance the development of an Internet Communications Technology enabled services industry in the region.

We are jumpstarting innovation and economic expansion in the area!

CARCIP will award grants for new/startup ICT business development and training program grants for existing businesses. Applicants can apply for funding under one of our two grant programs, either BUSINESS INCUBATION GRANT or a TRAINING GRANT.

See more about what organizations can apply at startupgrenada.com

Terms and conditions apply.
